Please be sure that you do research on the wholesale web sites, and compare product prices. Most of all you should talk directly to the wholesalers as the best and cheapest deals sometimes are not listed on their sites. Sometimes a phone call could save you hundreds since item prices and quantities vary. Some of the listing are provided with telephone numbers for your convenience.

Please remember, some of the contacts on this wholesale list sell items other than just the one(s) you placed a bid on from eBay, therefore, you will have to search for the items you want.

Some sources may be currently out of stock which is completely out of my control. Make sure you check back with the contacts often to find the best prices as they receive their merchandise!

Once positive feedback has been left for me on Ebay, I will leave positive feedback for you. Before leaving unfavorable/negative feedback, please give me the opportunity to resolve any issues otherwise, rest assured, negative feedback will be left to your Ebay account. Thanks in advance!
Good luck to you in the future!
